

Top 10 Reasons You Need MozyEnterprise

The MozyEnterprise advantage

Simple

Manage multi-user environments, schedule automatic backups, and monitor the health of your backups from a web-based console.

Secure

Mozy is SSAE 16 audited and ISO 27001 certified, using only the strictest security policies, military-grade encryption, and world-class data centers.

Affordable

MozyEnterprise integrates seamlessly into your existing infrastructure with no need for tapes, DVDs, or hardware, keeping IT management and costs at a minimum.

- 1. You do not have a consistent strategy for backing up desktops, laptops, and Windows servers.**
Not backing up your computer systems opens the door to huge losses of information, revenue, and reputation.
- 2. Backing up remote and branch offices is a major headache.**
The EMC-backed MozyEnterprise™ backup software may be configured, deployed, and centrally managed via an easy-to-use, web-based, multi-tenant administrative console.
- 3. You want a reliable offsite backup solution that's here to stay.**
The award-winning MozyEnterprise software, combined with EMC's nearly 30 years of market leadership in storage solutions and VMware's cloud expertise, means you enjoy worry-free backup.
- 4. You don't have months or years to roll out a backup solution.**
Easier and faster than deploying an in-house solution, MozyEnterprise can be deployed to thousands of users in less than two weeks, freeing up your valuable in-house IT resources.
- 5. You want a full backup solution without the onsite integration and maintenance hassles.**
MozyEnterprise requires no integration with your existing infrastructure. Mozy manages the software, infrastructure, and data centre space.
- 6. You aren't willing to compromise security for convenience.**
MozyEnterprise leverages industry-leading security for authentication and authorisation, along with military-grade encryption to protect your data during transfer and storage.
- 7. You need control over company data.**
MozyEnterprise's powerful admin tools give IT administrators full control to configure how data gets backed up and accessed in the organisation, right down to the file type and user.
- 8. You want to be able to access your data anywhere, anytime.**
You can control and grant access to backed up data from any web browser, as well as through the free Mozy web app, iOS and Android-powered devices.
- 9. You want a set-and-forget automatic backup solution that you don't have to constantly monitor.**
You can schedule your backups to run daily, weekly, or monthly, or automatically throughout the day, as frequently as every two hours.
- 10. You have a limited budget to spend on backup and prefer a simple payment plan.**
MozyEnterprise requires no capital expenditure for hardware, very little upfront cost, and minimal administrative overhead to maintain. MozyEnterprise is licensed per user per year.
